### The Watchman and Southron

TUESDAY, OCTOBER .28.

The Sumter Watchman was founded in 1850 and the True Southron in 1866. The Watchman and Southron now has the combined circulation and influence of both of the old papers, and is manifestly the best advertising heir. medium in Sumter.

EDITORIAL ITEMS.

We see in late papers the statement that wheat sold at a lower figure in London last week than it has in 100 years, and that it is lower in New York than since the war, and with a prospect of its going still lower. At those rates it does seem as if there should be an abundance of bread for the eater.

Parsons of Baltimore, who is a prominent leader in the Labor party, of which Beast Butler has been claiming to be the leader, has found out that the Beast is working entirely in the interests of Blaine, and the General is fighting him now as vigorously as he formerly defended him.

Frank Hurd, the great Free Trade Democrat, was defeated in the election two weeks ago, in Ohio. He says that if, after inquiry, he finds that fraud was the cause of his defeat, he will contest the election. We sincerely hope he may succeed, for he is both honest and capable, and such men can safety, his honor at stake. We are so party strength of the political enemy ill be spared among Congressmen.

And now because the County Democracy decline to accept Tammany's dictation as to the City's officials, it is well understood that it will make a deal with the Republicans whereby votes which otherwise would go for Cleveland, will be traded to the City nominees; and at the next Demo- dience. cratic Convention Tammany will be there as usual claiming to be faithful Democrats, and demanding recognifrom such Democrats.

OUR DUTY.

Every man in Sumter County owes it as a duty to himself, his family and his country to put in one long, hard day's work next Tuesday, in opposition to the Republican party. Don't be satisfied to vote and then go home, don't do still worse and stay homenot voting at all; 'but come early and stay all day. Make a full show of strength to the opposition, and let them see that you are determined to win. Your presence may discourage some silly dupe, who thinks he belongs to the Republican party, from voting that ticket. You may help detect penitentiary birds, who are always the most loyal of Republicans, and prevent them from voting. Your presence will be an encouragement to others who may be induced thereby to give more active work in this good cause; and when the polls close we may be assured of victory.
